

## **STANDARD TERMS AND CONDITIONS OF PURCHASE**

**1. ACCEPTANCE OF TERMS AND CONDITIONS.** Seller agrees to be bound by and to comply with all terms set forth herein and in the purchase order, to which these terms are attached and are expressly incorporated by reference (collectively, the "Order"), including any amendments, supplements, requirements, specifications, and other documents referred to in this Order and located at the following link: (<https://www.wabteccorp.com/supplier-resources>). Acknowledgement of this Order, including, without limitation, performance by Seller, shall be deemed acceptance of this Order. The terms set forth in this Order take precedence over any alternative terms in any other document connected with this transaction unless such alternative terms are: (A) part of a written supply agreement ("Supply Agreement"), which has been negotiated between the parties and which the parties have expressly agreed may override these terms in the event of a conflict and/or (B) issued by Purchaser as set forth on the face of the Order to which these terms are attached and in the absence of a Supply Agreement. In the event these terms are part of a written Supply Agreement between the parties, the term "Order" used herein shall mean any purchase order issued under the Supply Agreement. In the event of a conflict between the terms set forth herein and in the Order to which these terms are attached, the terms in the Order shall control; provided, however, in the event that the parties have executed a Supply Agreement, the terms of the Supply Agreement shall control over the Order. This Order does not constitute an acceptance by Purchaser of any offer to sell, any quotation, or any proposal. Reference in this Order to any such offer to sell, quotation or proposal shall in no way constitute a modification of any of the terms of this Order. **ANY ATTEMPTED ACKNOWLEDGMENT OF THIS ORDER CONTAINING TERMS INCONSISTENT WITH OR IN ADDITION TO THE TERMS OF THIS ORDER IS NOT BINDING UNLESS SPECIFICALLY ACCEPTED BY PURCHASER IN WRITING.** This offer expressly limits acceptance to the terms of this offer. Notification of objection is hereby given to any term in response to this offer that does not exactly match the terms of this offer.

**2. PRICES, PAYMENTS AND TAXES.** All prices are firm and shall not be subject to change. No extra charges of any kind will be allowed unless specifically agreed in writing by Purchaser. Seller warrants the pricing for any goods or services shall not exceed the pricing for the same or comparable goods or services offered by Seller to third parties. Seller shall promptly inform Purchaser of any lower pricing levels for same or comparable goods or services and the parties shall promptly make the appropriate price adjustment. Notwithstanding anything contained herein to the contrary, in the event that products purchased by Purchaser exceed Purchaser's original forecast and/or Seller's quotation by ten percent (10%) or more, then Purchaser and Seller agree that Purchaser shall be entitled to a reduction in the price on all future Orders of the products equal to an amount agreed to by the parties; provided, however, in no event shall the price be greater than ninety percent (90%) of the current price of the products. Purchaser's standard payment terms in effect shall be as follows unless prohibited by law or alternatively stated in the purchase order:

2.1 **STANDARD:**

(A) **Payment Terms.** Unless otherwise stipulated on the Order or agreed in writing by Purchaser, Purchaser will initiate payment of the full invoiced amount (not discounted) to Seller on or before the 150<sup>th</sup> day from the "Payment Start Date" described in Section 2.2 below (the "Net Due Date"). Settlement and invoicing must be paperless and in a format acceptable to Purchaser. Options acceptable to Purchaser include Web Invoicing, Evaluated Receipt Settlement and Electronic Data Interchange. Seller must provide banking information to establish electronic funds transfers for U.S. suppliers and wire transfers for non-U.S. suppliers.

(B) **Batched Payments.** Purchaser may choose to group all invoices that have not been discounted and to have them paid in a monthly batched payment process as follows: (i) non-discounted invoices that have Net Dates ranging from the sixteenth day of the first month of a calendar quarter to the fifteenth day of the second month of the calendar quarter will be grouped together and paid on the third day of the second month of that calendar quarter, (ii) non-discounted invoices that have net dates ranging from the sixteenth day of the second month of a calendar quarter to the eighth day of the third month of a calendar quarter will be grouped together and paid on the third day of the third month of that calendar quarter, and (iii) non-discounted invoices that have net dates ranging from the ninth day of the third month of a calendar quarter to the fifteenth day of the first month of the next calendar quarter will be grouped together and paid on the third day of the first month of that next calendar quarter or, if any payment date described above is not a business day, on the next business day (each such payment date being referred to as the "**Monthly Batch Payment Date**"), with the result that some invoices shall be paid earlier than their Net Dates and some invoices shall be paid later than their Net Dates. Alternatively, Purchaser may choose to group and pay on a quarterly basis all invoices that have not been discounted as follows: (i) invoices with Net Dates ranging from the ninth day of February to the eighth day of May shall be grouped and Purchaser shall initiate payment on the third day of April or if that day is not a business day, then on the next business day; (ii) invoices with Net Dates ranging from the ninth day of May to the eighth day of August shall be grouped and Purchaser shall initiate payment on the third day of July or if that day is not a business day, then on the next business day; (iii) invoices with Net Dates ranging from the ninth day of August to the eighth day of November shall be grouped and Purchaser shall initiate payment on the third day of October or if that day is not a business day, then on the next business day; and (iv) invoices with Net Dates ranging from the ninth day of November to the eighth day of February shall be grouped and Purchaser shall initiate payment on the third day of January or if that day is not a business day, then on the next business day (each such payment date being referred to as the "**Quarterly Batch Payment Date**"), with the result that some invoices shall be paid earlier than their Net Dates and some invoices shall be paid later than their Net Dates.

2.2 **PAYMENT START DATE:**

(A) The "Payment Start Date" is the latest of the required date identified on this Order, the received date of the goods and/or services in Purchaser's receiving system or the date of Purchaser's receipt of valid invoice from Seller. The received date of the goods and/or services in Purchaser's receiving system will occur: (A) in the case where the goods are shipped directly to Purchaser and/or services are performed directly for Purchaser, within forty-eight (48) hours of Purchaser's physical receipt of the

goods or services; (B) in the case of goods shipped directly to: (1) Purchaser's customer or a location designated by Purchaser's customer ("Material Shipped Direct" or "MSD"); or (2) a non-Purchaser/non-customer location to be incorporated into MSD, within forty-eight (48) hours of Seller presenting Purchaser with a valid bill of lading confirming that the goods have been shipped from Seller's facility; (C) in the case where goods are shipped directly to a third party in accordance with this Order, within forty-eight (48) hours of Purchaser's receipt of written certification from the third party of its receipt of the goods; or (D) in the case of services performed directly for a third party in accordance with this Order, within forty-eight (48) hours of Purchaser's receipt of written certification from Seller of completion of the services.

(B) Seller agrees to submit correct and complete invoices for goods or services within 180 days of the received date of the goods or services. Any claim involving perceived nonpayment, underpayment or any other payment related issues shall be deemed waived unless asserted in writing within sixty (60) days after (1) receipt by Seller of Purchaser's payment or (2) the Net Due Date, whichever first occurs.

23 **TAXES:** Seller's price includes all payroll and/or occupational taxes, any value added tax that is not recoverable by Purchaser and any other taxes, fees and/or duties applicable to the goods and/or services purchased under this Order; provided, however, that any value added tax that is recoverable by Purchaser, state and local sales, use, excise and/or privilege taxes, if applicable, will not be included in Seller's price but will be separately identified on Seller's invoice. If Seller is obligated by law to charge any value added and/or similar tax to Purchaser, Seller shall ensure that if such value added and/or similar tax is applicable, that it is invoiced to Purchaser in accordance with applicable rules so as to allow Purchaser to reclaim such value added and/or similar tax from the appropriate government authority. Neither party is responsible for taxes on the other party's income or the income of the other party's personnel or subcontractors. If Purchaser is required by government regulation to withhold taxes for which Seller is responsible, Purchaser will deduct such withholding tax from payment to Seller and provide to Seller a valid tax receipt in Seller's name. If Seller is exempt from such withholding taxes or eligible for a reduced rate of withholding tax as a result of a tax treaty or other regime, Seller shall provide to Purchaser a valid tax residency certificate or other documentation, as required by the applicable government regulations, at a minimum of thirty (30) days prior to payment being due. The following state sales and use tax identification numbers are applicable for goods delivered into the States of Ohio and North Carolina, Massachusetts, and Pennsylvania: (A) Ohio - DPP# 98-000-604; (B) North Carolina - DPP# 457; (C) Massachusetts - DPP# 00008; (D) Pennsylvania - DPP# 51-995692.

24 **SET-OFF:** Purchaser shall be entitled to set-off any amount owing from Seller to Purchaser or to any of Purchaser's Affiliates against any amount payable under this Order.

### 3. GOVERNING LAW AND DISPUTE RESOLUTION.

3.1 This Order shall be governed by and interpreted in accordance with the laws of the jurisdiction in which Purchaser is organized, notwithstanding such jurisdictions conflict of laws rules. For any Purchaser organized in the U.S., this Order shall be governed by and interpreted in accordance with the substantive laws of the State of New York, U.S., notwithstanding its conflict of laws rules. The application of the United Nations Convention on the International Sale of Goods is hereby excluded except as expressly referenced herein.

3.2 Any dispute, controversy or claim arising out of or relating in any way to this Order, whether in contract, tort, common law, statutory law, equity, or otherwise, including any question regarding its existence, validity, or scope, shall be resolved in accordance with this Section 3. Purchaser and Seller shall attempt amicably to resolve any controversy, dispute or difference arising out of this Order, by commercial negotiations. If a dispute is not resolved by commercial negotiations, either party shall, upon written notice ("Notice"), refer the dispute to either:

(A) a meeting of appropriate senior management representatives from each of the parties who will confer in good faith to attempt to resolve the matter; or

(B), to mediation, to be held within thirty (30) business days after the giving of Notice, or such later date as may be mutually agreed. If the dispute is not resolved within the thirty (30) days of the Notice, or within the mutually agreed-upon later time period, either party may commence arbitration in accordance with Section 3.3, below.

3.3 In the event such dispute cannot be resolved pursuant to Section 3.2, such dispute, claim or controversy arising out of or relating to the Order or the breach, termination, enforcement, interpretation or validity thereof, including the determination of the scope or applicability of this arbitration provision, shall be determined by arbitration administered by JAMS pursuant to its Comprehensive Arbitration Rules and Procedures and in accordance with the Expedited Procedures in those Rules. The number of arbitrators shall be three. The place of arbitration shall be New York, New York, and it shall be held as promptly as possible at such time as the arbitrators may determine. If there is any inconsistency between the JAMS rules and this arbitration provision, the terms of this arbitration provision will control. Neither party shall have the right to request discovery beyond that which is permitted by the Expedited Procedures unless the parties agree or the arbitrators order otherwise on the basis of compelling need or a showing of severe prejudice by a party. The decision of the arbitrators will be final and binding upon the parties, and the fees and expenses owed to JAMS and the arbitrators will be shared equally between the parties. Judgment upon the arbitration award may be entered in any court of competent jurisdiction, or application may be made to such court for a judicial acceptance of the award and an order of enforcement, as the case may be. Anything to the contrary in this Order notwithstanding, neither party shall be prevented from applying to a court of competent jurisdiction for such preliminary or interim injunctive relief, or relief in aid of arbitration, as may be necessary to preserve or restore the status quo. The parties agree that any arbitration proceeding occurring pursuant to this arbitration provision will be treated as the confidential information of both parties and that the existence of the proceeding and any element of it (including, but not limited to, any pleadings, briefs or other documents submitted or exchanged and any testimony or other oral submissions and awards) will not be disclosed beyond the arbitration panel, except to the extent required under applicable

law, in which event the party making such disclosure shall so notify the other party as promptly as is practicable (if possible, prior to making such disclosure) and shall seek confidential treatment of such information.

3.4 This Dispute Resolution provision shall not apply to and will not bar litigation regarding claims related to a party's proprietary or intellectual property rights.

#### **4. ASSIGNMENT, SUBCONTRACTING AND CHANGE IN OWNERSHIP.**

4.1 ASSIGNMENT AND SUBCONTRACTING. Upon notice to Seller and without the requirement of any further action by any person or entity, Purchaser may assign this Order (or portion thereof) or its rights hereunder to a successor or subsidiary of Purchaser, or to any of its Affiliates, or pursuant to a statutory merger or consolidation, or to any purchaser of, or other successor in interest. Because performance of this Order is specific to Seller, Seller may not assign its rights or obligations under this Order without Purchaser's prior written consent, including, but not limited to, the assignment of Seller's accounts receivable under this Order. Purchaser may withhold its consent or condition its consent to any assignment at its sole discretion and any attempted assignment in violation of this provision shall be null and void. In the event that Purchaser provides Seller with written consent to assign Seller's accounts receivable (on an individual basis or as part of a broader arrangement): (i) Seller shall provide Purchaser with all information regarding the assignment reasonably requested by Purchaser; (ii) Seller shall not modify, cancel or allow such assignment arrangement to lapse without first giving Purchaser forty-five (45) days' prior written notice, and (iii) Purchaser shall only be responsible for making payments as directed by Seller and Seller shall indemnify, defend and hold harmless Purchaser its officers, directors, shareholders, Affiliates, subsidiaries, agents, and assigns from and against all claims, suits, actions, proceedings, damages, losses and expenses, including attorneys' fees, arising out of, related to, or resulting from Seller's assignment or purported assignment of its accounts receivable. Notwithstanding the foregoing, Purchaser may, at any time, revoke its consent to Seller's assignment of future accounts receivable by providing fifteen (15) days' prior written notice to Seller. Seller shall not subcontract or delegate performance of all or any substantial part of the work called for under this Order without Purchaser's prior written consent. Should Purchaser grant consent to Seller's assignment or subcontract, Seller shall cause such assignee or subcontractor to be bound by the terms and conditions of this Order. Further, Seller shall advise Purchaser of any subcontractor or supplier to Seller:

(A) that will have at its facility any parts or products with Purchaser's or any of its Affiliates' name, logo or trademark (or that will be responsible to affix the same); and/or (B) 50% percent or more of whose output from a specific location is purchased directly or indirectly by Purchaser. In addition, Seller will obtain for Purchaser, unless advised to the contrary in writing, written acknowledgement by such assignee, subcontractor and/or supplier to Seller of its commitment to act in a manner consistent with Purchaser's integrity policies, and to submit to, from time to time, on-site inspections or audits by Purchaser or Purchaser's third party designee as requested by Purchaser. If Seller subcontracts any part of the work under this Order outside of the final destination country where the goods purchased hereunder will be shipped, Seller shall be responsible for complying with all customs requirements related to such sub-contracts, unless otherwise set forth in this Order. The term "Affiliate" as it relates to Purchaser shall mean with respect to Purchaser means any entity (including, without limitation, any individual, corporation, company, partnership, limited liability company or group) that directly, or indirectly through one or more intermediaries, controls, is controlled by or is under common control with Purchaser.

4.2 CHANGE IN OWNERSHIP. If a third party submits a solicited or unsolicited offer to Seller that would result in a Change of Ownership or Control of Seller, as defined below, Seller shall give notice of such offer, including the identity of the offeror, to Purchaser as early as commercially practical following Seller's receipt of the offer. Before Seller accepts the offer, it shall give Purchaser an opportunity, within a reasonable time, to advise Seller of its impact on performance of this Order. If the Change in Ownership and Control occurs, Purchaser has the right at its discretion to terminate this Order. In the event of such termination, Seller agrees to render full cooperation to Purchaser in order to minimize disruption to the Purchaser's program. Pending termination or in lieu of termination, Purchaser may require Seller to provide adequate assurance of performance, including, but not limited to the institution of special controls regarding the protection of Purchaser's Property, including all intellectual property and proprietary information. *(For purposes of this section, the term "Change in Ownership or Control" shall mean any of the following: (A) the sale of equity shares controlling 20% or more of the voting rights in Seller or Seller's parent, (B) the sale, lease, transfer or other disposition of substantially all of the assets of Seller or Seller's parent, (C) a merger, reorganization, consolidation, share exchange, recapitalization, business combination, liquidation or dissolution or similar transaction, (D) a tender offer or exchange offer for any of the outstanding shares of capital stock of Seller or Seller's parent, (E) a sale by Seller of the assets relating to the goods Seller produces or will produce for Purchaser, or (F) any public disclosure of a proposal or plan or intention to do any of the foregoing.)*

#### **5. TRANSPORTATION AND PACKAGING.**

5.1 Unless otherwise stipulated on the face of the purchase order,

(A) goods covered by this Order shall be shipped and delivered F.C.A. Seller's door (Incoterms, 2010 Edition).

(B) In any event, title to goods shall pass to Purchaser upon (1) arrival of such goods at the specified delivery location, and (2) Purchaser's inspection and receipt into its receiving system. Purchaser insures all goods for which it accepts risk of loss while such goods are in transit. Therefore, Seller shall not declare any insurance value on such goods shipped via Purchaser's designated carrier.

5.2 Seller shall release rail or truck shipments at the lowest released valuation permitted in the governing tariff or classification. Purchaser will pay no charges for unauthorized transportation. Any unauthorized shipment, which results in excess transportation charges, must be fully prepaid by the Seller. If Seller does not comply with the stated delivery schedule, Purchaser may require delivery by the fastest means available. The charges resulting from this mode of transportation must be fully prepaid and the Seller must absorb the full cost of the shipment.

5.3 Upon Purchaser's request, all shipment containers for goods shall be labeled in accordance with Purchaser's Bar Code Shipping Label Instructions. Seller shall submit example labels for approval within sixty (60) days of said request. Seller shall designate an individual responsible for compliance with said instructions and shall act as the Seller's contact for issues concerning bar code labels.

5.4 Packing, preservation and marking will be in accordance with the specification, drawing or as specified on the Order, or if not specified, the best commercially accepted practice will be used, and at a minimum consistent with applicable law. In addition, Seller shall include the following information on each shipment under this Order: Purchaser's Order number, case number, routing center number (if provided by Purchaser's routing center), country of manufacture, destination shipping address, commodity description, gross/net weight in kilograms and pounds, dimensions in centimeters and inches, center of gravity for items greater than one (1) ton and precautionary marks (e.g., fragile, glass, air ride only, do not stack, etc.), loading hook/lifting points and chain/securing locations where applicable to avoid damage and improper handling. Seller shall place all markings in a conspicuous location as legibly, indelibly and permanently as the nature of the article or container will permit. All goods shall be packed in an appropriate manner, consistent with Purchaser's packaging specifications outlined and set forth in document number 84A220081 which may be accessed at the following link (<https://www.wabteccorp.com/supplier-resources>). Goods that cannot be packed due to size or weight shall be loaded into suitable containers, pallets or crossbars thick enough to allow safe lifting and unloading and shall be packed in accordance with the best commercially accepted practice in the industry. Vehicles that reach their destination and present unloading difficulties due to Seller's failure to comply the requirements of this section may be sent back to their point of departure at Seller's expense.

5.5 The Purchase Order number shall appear on all shipping manifests, bills of lading, invoices and correspondence and shall be marked on or tagged to all products shipped. A packing list and any other requested document must accompany each shipment showing Purchase Order number, item number and quantity of each product packaged (collectively, "Order Information"). (All other documentation should also include such Order Information). For any international shipments (except for shipments to Purchaser's customer's location), Seller shall also include a copy of airway or truck bill of lading and Seller's commercial invoice.

5.6 Failure of Seller to comply with any such Purchaser specification shall cause all resulting transportation charges to be for the account of Seller and give rise to any other remedies available at law or equity.

## **6. DELIVERY AND DELAY.**

6.1 Time is of the essence for this Order. Unless otherwise agreed to in writing, any material commitments or production arrangements that Seller makes which are in excess of the amount or in advance of the time necessary to meet schedules that are within lead time shall be at Seller's risk and cost. Seller bears sole responsibility for managing Seller's raw material, work in process, and inventory, and Purchaser shall have no liability with respect thereto (whether upon termination of this Order or subcontract) other than in connection with termination as provided in Section 19, below. Goods shipped to Purchaser in advance of scheduled lead times may be returned to Seller at Seller's expense.

6.2 In the event Seller for any reason anticipates any difficulty in complying with the required delivery date or any of the other requirements of this Order, Seller shall promptly notify Purchaser in writing, and upon request, provide Purchaser adequate assurance of performance. If Seller does not comply with Purchaser's delivery schedule, Purchaser may require delivery by fastest method and charges resulting from the premium transportation must be fully prepaid by Seller. Purchaser shall be entitled to recover damages that it incurs as a result of Seller's failure to perform as scheduled. Unless expressly stated to the contrary, Purchaser's remedies are cumulative and Purchaser shall be entitled to pursue any and all remedies available at law or equity. Further to the foregoing, Seller shall not make material commitments or production arrangements in excess of the amount or in advance of the time necessary to meet Purchaser's delivery schedule. Should Seller enter into such commitments or engage in such production, any resulting exposure shall be for Seller's account.

## **7. PURCHASER'S PROPERTY.**

7.1 Purchaser shall retain full title to and ownership of all Purchaser's property, including but not limited to tools, tool drawings, equipment, materials, drawings, specifications, as well as materials that include or disclose processes, know-how, procedures, process parameters, trade secrets, and any other documents, information or data of every description and storage media containing software or firmware, that is furnished to Seller by Purchaser, or by Purchaser's Affiliates, subsidiaries or contractors, or paid for in whole or in part by Purchaser, and any repair or replacement thereof, or any materials affixed or attached thereto (hereinafter, collectively referred to as "Purchaser's Property"). Unless otherwise agreed to in writing by Purchaser, Seller shall use Purchaser's Property for the sole purpose of rendering services or providing goods to Purchaser. Seller accepts and will use Purchaser's Property in "AS IS" and "WHERE IS" Purchaser makes no representations or warranties, express or implied with respect to Purchaser's Property, and Purchaser expressly disclaims all warranties, INCLUDING ANY WARRANTY OR MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. Seller acknowledges that Purchaser has not made and does not hereby make any representations, warranty, or covenant with respect to the title, merchantability, condition, quality, description, durability, or suitability of Purchaser's Property in any respect or in any connection with or for the purposes and uses of Seller. Seller shall not lease, assign, loan or sell any of Purchaser's Property or any interest therein, without Purchaser's prior written consent. Seller shall keep Purchaser's Property free and clear of all liens, claims, and encumbrances while in Seller's possession. Seller shall be solely responsible for the installation of Purchaser's Property and for any and all devices necessary for the proper operation and use of Purchaser's Property, and shall be responsible for training operators and other as necessary in the proper and safe operation, use, application and maintenance of Purchaser's Property. Purchaser expressly disclaims any and all responsibility with respect to such matters. Seller shall be solely responsible, at its own expense, for proper maintenance and repair of Purchaser's Property, shall exercise reasonable care and control in using Purchaser Property, and shall maintain Purchaser's Property in good order and condition, save normal wear and

tear. Seller agrees to comply with any handling and storage requirements provided by Purchaser for such property. Seller shall insure that at all times Purchaser's Property clearly displays signs or markings attached thereto evidencing Purchaser's ownership of Purchaser's Property, and is safely stored separate and apart from Seller's property. Seller shall not dispose of, change or move Purchaser Property from its stated location or substitute any property for Purchaser's Property without Purchaser's prior written approval. Seller shall have exclusive possession of, and control over Purchaser's Property and Seller shall assume full responsibility and risk of loss for Purchaser's Property and its use. Seller shall insure Purchaser's Property, at Seller's expense, for (i) replacement cost with loss payable to Purchaser and (ii) loss or damage by fire, flood and common perils by an insurance company acceptable to Purchaser. The foregoing shall not be deemed to affect the rights, if any, of the Government in any such property or to grant any rights to Purchaser in conflict with the FTA provisions set forth in Section 18.6, below.

7.2 Seller hereby agrees that Purchaser may, in its discretion, upon reasonable notice, but without legal process, (i) enter the premises where Purchaser's Property may be and take possession thereof, whether at Seller's premises or its supplier's, or (ii) request Seller deliver Purchaser's Property to a mutually agreed upon location, in which case, Seller shall prepare Purchaser's Property for shipment and deliver it as directed by Purchaser, at Seller's expense, in the same condition as originally received by Seller, reasonable wear and tear excepted. Unless otherwise instructed by Purchaser in writing, upon completion of performance of all Order requirements including but not limited to the record retention requirements set forth in Article 21.10, Seller shall return all Purchaser's Property to Purchaser at Seller's expense. The Purchaser may require the Seller to provide a certification of the destruction of all intangible Purchaser's Property.

7.3 Purchaser shall have the right, at any reasonable time, to audit all pertinent books and records of Seller, and to inspect Purchaser's Property in Seller's possession, and make reasonable inspections of Seller's facilities to verify compliance with this Article 7 and with Article 8. Purchaser assumes no responsibility and waives not rights as a result of any such inspection, or its decision not to conduct an inspection.

7.4 In the event Seller, without Purchaser's prior written consent and authorization, designs or manufacturers for sale to any person or entity other than Purchaser any goods that are substantially similar to or can replace or repair Purchaser goods or parts, or obtains governmental approval for such good or repair, the Seller, in any adjudication involving or relating to Purchaser's Property, shall be required to establish by clear and convincing evidence that neither Seller nor any of its employees, contractors or agents used in whole or in part, directly or indirectly, any of Purchaser's Property in such design or manufacture or in obtaining governmental approval with respect to such goods or repair.

## **8. INTELLECTUAL PROPERTY.**

### **8.1 INTELLECTUAL PROPERTY TREATMENT.**

(A) Nothing in this Order shall entitle Purchaser to ownership rights in data, information, discoveries or inventions made by Seller prior to, or outside of, the scope of this Order. Regarding the rights to any innovations, inventions, drawings, tools, software or specifications conceived and/or reduced to practice in the course of or performance of this Order or any related purchase order, Seller assigns and agrees to assign to Purchaser all intellectual property rights thereto, including any intellectual property rights (including trade secrets, copyrights and patents) issuing thereon (the "Purchaser Rights").

(B) Seller will provide reasonable assistance to Purchaser, at Purchaser's expense, for securing all such Purchaser Rights, and will cooperate with Purchaser, its officers and agents, in obtaining, at the expense of Purchaser with respect to the prosecution thereof, patents on such inventions or discoveries in the name of and for the benefit of Purchaser in any country that Purchaser may consider desirable. Seller will procure from its employees, without charge to Purchaser, the execution of all patent applications, assignments and other instruments necessary to the procurement of such patents and to the vesting of title thereto in Purchaser if such rights do not automatically vest with the Purchaser. Any compensation due Seller's employees shall be paid solely by Seller.

(C) Purchaser is, or shall become, the sole owner of all notes, reports, memoranda, and any other information (regardless of the media of expression) made or prepared in connection with any purchase order placed by Purchaser. Seller will not use a Purchaser part number, or any material developed by Seller under any purchase order placed by Purchaser, without first obtaining the written consent of Purchaser. All such materials, irrespective of the media of expression, shall be deemed works-for-hire and shall belong exclusively to Purchaser. If by operation of law any of the material is not work-for-hire, then Seller agrees to assign, and hereby assigns, to Purchaser the ownership of such material including all copyrights thereto. Purchaser may obtain and hold in its own name copyrights, registrations, and other protection that may be available in such material, and Seller shall provide any assistance required to perfect such protection.

(D) Purchaser hereby grants Seller a limited, revocable, non-exclusive, non-transferable, non-assignable, non-sublicensable (except as may be provided explicitly in this paragraph) limited personal license to use Purchaser Rights and/or Purchaser's Property solely for performing this Order for Purchaser. Purchaser's Property and Purchaser Rights shall not be used for any other purpose, or disclosed to others or reproduced for any purpose, including, but not limited to, the design, manufacture or repair of parts or to obtain government approval to do so; provided; however, Seller may provide Purchaser's Property, and sublicense Purchaser Rights, to Seller's subcontractors for the sole purpose of enabling Seller's subcontractors to assist Seller in performing this Order for Purchaser and on condition that Seller's subcontractors agree in writing for Purchaser's benefit to the terms of this agreement relating to Purchaser Rights and to Purchaser's Property including Articles 7, 8, 10 and 21.4 hereof. This license is terminable with or without cause by Purchaser at any time.

(E) All Purchaser's Property and Purchaser Rights are or shall be deemed to be confidential and proprietary property to Purchaser, whether or not it is marked with any restrictive legend. At Purchaser's request, Seller agrees to mark such Goods with any patent numbers, copyright or trademark status, or other markings designated by Purchaser.

(F) If this Order relates to rights in any computer program or compilation of data that is fixed in any tangible medium of expression, or any storage medium from which the program may be perceived, reproduced or otherwise communicated, either directly or with the aid of a machine or device which are necessary for operation of the goods and/or embedded in and delivered as an integral part of the goods, and/or related documentation (collectively, "Software"), that is not Purchaser Property or Purchaser's Rights (both as defined herein), Seller grants to Purchaser, its customers, third party contractors and all other users a non-exclusive, worldwide, perpetual, irrevocable, transferable, royalty free right to use, load, install, execute, demonstrate, market, test, resell, sublicense and distribute the Software (the "Required License"). If such Software or any part thereof is owned by a third party, prior to delivery, Seller shall obtain the Required License from such third-party owner. If Seller provides Software under this Order which requires Purchaser or the user to "Accept" various terms and conditions, including, but not limited to, "click-wrap," "click-through," browse-wrap," or "shrink-wrap", such terms and conditions will be of no force and effect even though they are "accepted" by Purchaser or the user in order to access or use the Software. The relationship of the parties is solely governed by the terms of this Order. In addition, upon Purchaser's request, Seller, at Seller's expense (including ongoing maintenance fees), will deposit in escrow all material relating to the Software (including a copy of the object code, source code, data, documentation and all annotations thereto) with an escrow agent designated by Purchaser and under a written escrow agreement approved in writing by Purchaser.

(G) Data Rights. Seller agrees that Purchaser, its customers, third party contractors and all other users may access, receive, collect, transmit, maintain, prepare derivatives from, and otherwise use information about Seller's goods and/or services, including, without limitation, machine, technical, systems, usage and related information ("Source Data") to facilitate the provision of products and services, and to verify compliance with the terms of this Order. Purchaser, its customers, third party contractors and all other users also has the right to use the Source Data for research, development and continuous improvement of its products, software and services. Purchaser will own all data, concepts, products, services, software, intellectual property and other rights arising from and/or related to Purchaser's use, analysis, research and/or development of the Source Data.

(H) If the work being done hereunder is pursuant to a contract with a governmental entity that contains provisions regarding retention of intellectual property rights of the Seller, Seller shall retain ownership of inventions and Seller hereby grants and agrees to grant to Purchaser an irrevocable, fully paid, perpetual license for all such intellectual property rights, and with the right to extend such license to Purchaser's customers, licensees, co-producers, Affiliates and subsidiaries.

(I) Seller agrees that it will cause its employees to execute contracts of employment or other agreements assuring the Seller's ability to comply fully with the provisions of this Section 8.1.

8.2 **INTELLECTUAL PROPERTY INDEMNITY.** Seller warrants that any goods and/or services furnished under this Order shall be free of any rightful claim of any third party for infringement of any patent or copyright. Seller shall indemnify and save Purchaser, and Purchaser's subsidiaries and Affiliates, and their respective vendors and customers, harmless from and against any expense or liability, including costs, fees and all damages, arising out of any claim, suit or proceeding that the manufacture or furnishing of goods and/or services under this purchase order, or the use of such goods and/or services or sales of such goods and/or services constitutes infringement of any patent or copyright, alleged infringement of any patent or copyright, or misappropriation of trade secret. If an alleged claim of infringement or misappropriation is made, Seller shall procure for Purchaser, and Purchaser's customers, the rights to continue using the goods and/or services, modify them in a manner acceptable to Purchaser to remove the claim, or with the written approval of Purchaser, replace the goods and/or services with a non-infringing one or remove the goods and/or services and refund the purchase price. The forgoing provisions apply to all goods and/or services provided by the Seller to the Purchaser.

## 9. CHANGES.

9.1 Purchaser reserves the right at any time to make changes within the general scope of this Order. Such changes may include: (A) drawings, designs or specifications; (B) technical clarifications; (C) artwork; (D) quantity; (E) method of shipment or packing; (F) quality; (G) place or time of delivery; or (H) amount of Purchaser's furnished property. In addition, Purchaser may at any time, by notice to Seller, change the place or time of delivery. Upon Purchaser's request, Seller shall promptly deliver to Purchaser copies of outstanding purchase orders and subcontracts for materials, equipment and/or services for the work and take such action relative to such purchase orders and subcontracts as Purchaser may direct.

9.2 If any change causes a significant impact on the cost of, or the time required for, performance of any work under this Order, an equitable adjustment shall be made in the price or delivery schedule, or both as applicable, in writing; provided, however, the maximum liability of the Purchaser for obsolescence, scrapage, and/or rework resulting from any change shall be limited to the value of the materials and parts in process at the time of the change. Notwithstanding anything to the contrary contained herein, Purchaser shall have no liability for lost profit or cost of obsolescence, scrap, rework of materials and parts which Seller has released for manufacture in advance of Seller's normal manufacturing cycle required to meet the schedule. Any Seller claim for adjustment under this section shall be deemed waived unless asserted in writing within twenty (20) days after receipt by Seller of the notice to make the change and may only include reasonable, direct costs that will necessarily be incurred as a direct result of the change.

9.3 No departure shall be made by Seller from Purchaser's specifications, nor any change made in materials, sources of supply, or design, manufacturing or assembly processes. Any change(s) to the specifications requested by Seller must be in writing and is(are) subject to the receipt of written approval from Purchaser's Engineering department, to be issued at Purchaser's sole discretion. Seller must request and receive approval from Purchaser of any proposed changes in writing. Failure to do so could result in penalties and or termination of purchase order for default. In the event Seller desires to transfer any work under this Order to another site or make any material modification in its manufacturing process or the procurement of materials related to the goods, it shall first consult with and obtain the prior written consent of Purchaser, which consent shall not be unreasonably withheld. Such consent by Purchaser shall be subject to qualification of the new site under Purchaser's supplier qualification standards. Purchaser reserves sole right to accept or reject such changes.

9.4 Nothing in this section, including any disagreement with Purchaser as to the equitable adjustment to be made, shall excuse Seller from proceeding with the Order as changed.

## 10. WARRANTIES.

10.1 Seller warrants that all goods and services provided pursuant to this Order, whether provided by Seller or a direct or indirect supplier of Seller, will be free of any claims of any nature, including without limitation title claims, and will cause any lien or encumbrance asserted to be discharged, at its sole cost and expense, within thirty (30) days of its assertion (provided such liens do not arise out of Purchaser's failure to pay amounts not in dispute under this Order or an act or omission of Purchaser). Seller warrants and represents that all such goods and services will be new and of merchantable quality, not used, rebuilt or made of refurbished material unless approved in writing by Purchaser, free from all defects in design, workmanship and material and will be fit for the particular purpose for which they are intended. Such goods and services will be provided in strict accordance with all specifications, samples, drawings, designs, descriptions or other requirements approved or adopted by Purchaser. Seller further warrants that all services will be performed in accordance with the standards of care and diligence normally practiced by persons performing similar services and in the best workmanlike manner. Any review or approval of drawings by Purchaser will be for Seller's convenience and will not relieve Seller of its responsibility to meet all requirements of this Order. Any attempt by Seller to limit, disclaim or restrict any such warranties or remedies by acknowledgment or otherwise shall be null, void and ineffective. The warranties shall apply to Purchaser, its successors, assigns and the users of goods and services covered by this Order.

10.2 The warranties set forth in section 10.1 only shall apply for a period of forty-eight (48) months, plus delays (such as those due to non-conforming goods and services), from the date of Seller's delivery of all goods to destination/performance of the services. The 48-month limitation contained in this Section 10.2 does not supersede or otherwise alter or limit any performance and/or reliability requirements set forth in the specifications or other documents governing this Order.

10.3 If any of the goods and/or services are found to be defective or otherwise not in conformity with the warranties in this section during the warranty period, then, Purchaser, in addition to any other rights, remedies and choices it may have by law, contract or at equity, and in addition to seeking recovery of any and all damages and costs emanating therefrom, at its option and sole discretion and at Seller's expense may: (A) require Seller to inspect, remove, reinstall, ship and repair or replace/re-perform nonconforming goods and/or services with goods and/or services that conform to all requirements of this Order; (B) take such actions as may be required to cure all defects and/or bring the goods and/or services into conformity with all requirements of this Order, in which event all related costs and expenses (including, but not limited to, material, labor and handling costs and any required re-performance of value added machining or other service) and other reasonable charges shall be for Seller's account; and/or (C) reject and return all or any portion of such goods and/or services. Any repaired or replaced good, or part thereof, or re-performed services shall carry warranties on the same terms as set forth above, with the warranty period being the greater of the original unexpired warranty or twenty-four (24) months after repair or replacement.

10.4 Purchaser's failure to inspect, accept, reject or detect defects by inspection shall neither relieve Seller from responsibility for such goods or services that are not in accordance with the Order requirements nor impose liabilities on Purchaser. Purchaser's validation, approval or conditional approval of the products shall not relieve Seller from responsibility, liability or waive the warranties set forth in this Section 10.

10.5 If at any time a governmental agency of any country, state, province or municipality requires Purchaser to conduct a product safety recall or a field modification/fix program, or Purchaser voluntarily undertakes such an action, related to the Products, Purchaser will notify Seller of any such action and Seller shall, at Purchaser's option, either repair or replace the related Products, and reimburse Purchaser for any costs, expenses or damages.

## 11. INDEMNITY AND INSURANCE.

11.1 **INDEMNITY.** Seller will fully defend, indemnify, hold harmless and reimburse Buyer, its officers, directors, shareholders, Affiliates, subsidiaries, employees, agents, customers and assigns from and against all claims, suits, actions, proceedings, damages, losses and expenses, including attorneys' fees, arising out of, related to, or resulting from: (A) any breach of any representation, warranty, certification, covenant or agreement made by Seller; (B) any negligence or willful misconduct of Seller or its agents or subcontractors in connection with performance; (C) any litigation, proceeding or claim relating to the obligations of Seller; (D) any violation of law by Seller, its employees, agents, Affiliates, contractors or subcontractors and (E) Seller's use, control, ownership, or operation of its business and facilities, except to the extent caused by the negligence of Buyer. Seller agrees to include this indemnification provision in any subcontracts issued hereunder. Seller shall not enter into any settlement without Purchaser's prior written consent.

11.2 **INSURANCE.** In support of Seller's indemnity and contractual obligations, for the duration of this Order and until expiration of Seller's warranties hereunder, Seller shall, at its own cost and expense, obtain and maintain through a reputable primary insurance company, acceptable to Purchaser, licensed in the jurisdiction where goods are manufactured and/or sold and where services are performed, adequate insurance to cover its obligations under this Order or as required by law, including, as necessary: (A) Comprehensive General Liability in the minimum amount of \$5,000,000 combined single limit per occurrence with coverage for (i) bodily injury/property damage, including coverage for contractual liability insuring the liabilities assumed in this Order, (ii) products liability/completed operations liability, and (iii) all the following types of coverages where applicable: (1) contractors protective liability, (2) collapse or structural injury, and (3) damage to underground utilities; (B) Business Automobile Liability Insurance covering Comprehensive Automobile Liability covering bodily injury/property damage and all owned, hired and non-owned automotive equipment used in the performance of the Order in the amount of \$2,000,000 combined single limit each occurrence; (C) Employers' Liability in the amount of \$1,000,000 each occurrence; (D) Property Insurance covering the full replacement cost value of all goods and services owned, rented or leased by Seller in connection with this Order and covering damage to property in Seller's care,

custody and control; and (E) Professional Liability Insurance in the amount of \$3,000,000 per occurrence; and (F) appropriate Workers' Compensation Insurance protecting Seller from all claims under any applicable Workers' Compensation and Occupational Disease Act. Coverage similar to Workers' Compensation and Employers' Liability shall be obtained for each local employee outside the United States where work in connection with this Order is performed.

Purchaser shall be named as additional insured under Seller's Comprehensive General Liability policy for any and all purposes arising out of or connected to this Order. Seller shall furnish Purchaser an endorsement showing that Purchaser has been named an additional insured and a certificate of insurance completed by its insurance carrier(s) certifying that insurance coverages are in effect. Seller hereby waives subrogation. All insurance specified in this section shall contain a waiver of subrogation in favor of Purchaser, its Affiliates and their respective employees for all losses and damages covered by the insurances required in this section, including coverage for damage to Purchaser's property in Seller's care, custody or control. Seller shall notify Purchaser of any material modification, cancellation or lapse during the term of this Order by giving thirty (30) days' advance written notice to Purchaser.

## **12. SELLER'S EMPLOYEES**

12.1 Seller's personnel performing services under this Order shall remain employees of Seller subject to its right of direction, control and discipline and shall neither become employees of Purchaser nor be entitled to any rights, benefits or privileges of Purchaser employees. As appropriate, Purchaser shall give direction as to the ultimate objective of the project to the Seller. The Seller shall ensure that its personnel adhere to the terms and policies in this Order and that they have the requisite knowledge, training and ability to perform work under this Order competently and in accordance with applicable laws and regulations.

12.2 Seller's employees are not authorized to enter into any agreements or to make any commitments financial or otherwise on behalf of Purchaser.

## **13. WORK ON PURCHASER'S OR ITS CUSTOMER'S PREMISES OR SYSTEMS.**

13.1 If Seller's work under this Order involves operations by Seller on the premises of Purchaser or Purchaser's customer or access to Purchaser's systems or its computers, then:

(A) Seller shall comply with all of Purchaser's safety and security procedures and shall take all necessary precautions to prevent the occurrence of any injury to person or property during the progress of such work.

(B) Seller represents and warrants that all of its employees who will perform work under this Order on Purchaser's or its customer's premises have been tested and are free from illegal drugs. The term "illegal drugs" does not include the use of a controlled substance pursuant to a valid prescription. The prescription medication must not prevent the employee from performing competent and safe work.

OR (to be used in circumstances where Seller does not have the right to conduct routine drug testing):

(B) Seller represents and warrants that it will use reasonable endeavors to ensure that all of its employees who will perform work under this Order on Purchaser's or its customer's premises are free from illegal drugs. In the event Seller has reason to suspect that any employee performing work under this Order on Purchaser's or its customer's premises, Seller agrees to take immediate steps to remove such employee from Purchaser's or its customer's premises and procure that the employee does not continue to perform work under this Order. The term "illegal drugs" does not include the use of a controlled substance pursuant to a valid prescription. The prescription medication must not prevent the employee from performing competent and safe work.

(C) To the extent permissible by law, Seller represents and warrants that it will conduct a criminal conviction records investigation of any employee before they are assigned to work on any order that requires that employee to enter Purchaser's or its customer's premises.

13.2 Seller shall include this provision in any subcontract placed pursuant to this Order where the subcontractor will perform work on Purchaser's or its customer's premises.

13.3 Purchaser reserves the right to deny access to or expel from its or its customer's premises and/or systems in Purchaser's sole discretion any person for any reason including but not limited to those who fail to adhere to these referenced procedures or appear on government-issued lists (i.e. the Department of State list of terrorists, suspects, etc., Arms Export Control Debarment List; Department of State, Proliferation List; Department of Commerce, Denied Parties List; and Department of Treasury, Specially Designated National List).

**14. AUDIT AND INSPECTION.** Seller shall permit Purchaser or its representatives to have reasonable access to the site(s) where work under this Order is performed to assess Seller's compliance with its representations and warranties in order to assess Seller's work quality, conformance with Purchaser's specifications and compliance with this Order. Upon reasonable notice by Purchaser, all: (A) goods, materials and services related in any way to the goods and services purchased hereunder (including without limitation raw materials, components, products, intermediate assemblies, work in process, tools and end products) shall be subject to inspection and test by Purchaser and its customer or representative at all times and places, including sites where the goods and services are created or performed, whether they are at premises of Seller, Seller's suppliers or elsewhere; and (B) Seller's books and records relating to this Order shall be subject to audit and inspection by Purchaser.

14.1 If any inspection, test, audit or similar oversight activity is made on Seller's or its suppliers' premises, Seller shall, without additional charge: (A) provide all reasonable access and assistance for the safety and convenience of the inspectors and (B) take all

necessary precautions and implement appropriate safety procedures for the safety of Purchaser's personnel while they are present on such premises.

14.2 Seller shall provide and maintain an inspection, testing and process control system acceptable to Purchaser and its customer covering the goods and services to ensure compliance with this Order and shall keep complete records available to Purchaser and its customer for three (3) years after completion of this Order. Neither inspection, nor failure to inspect, shall relieve Seller of its responsibilities or warranties with respect to the product or imply acceptance thereof. Acceptance of such product by Purchaser shall not alter the obligations and liability of Seller under this Order.

#### **15. PARTS COMPLIANCE AND MATERIALS TEST CERTIFICATION:**

15.1 By acceptance of this Order, Seller certifies that goods supplied shall conform to all requirements of this Order, including referenced specifications in effect as of the date of purchase order placement or as modified pursuant to Section 9, and that Objective Evidence of conformance and specifications required by this Order is on file and available for examination by Purchaser. For the purposes of this section, "Objective Evidence" shall mean any statement of fact pertaining to the quality of a good or service based on observations, measurements or tests that can be fully verified. Evidence must be expressed in terms of specific quality requirements or characteristics. These characteristics are identified in drawings, specifications, and other documents which describe the item, process, or procedure.

15.2 The Seller shall comply with the Purchaser's deviation process using the Supplier Collaboration Portal. The Seller shall submit an on-line deviation request and receive Purchaser's written approval prior to shipping any part that does not meet the Purchaser specifications or requirements.

15.3 Seller shall conform to Purchaser's Discrepant Material Report ("DMR") and Nonconforming Material Returns ("NCMR") processes. In addition to any other remedies Purchaser may have, the Purchaser shall have the right charge the Seller \$200, per occurrence, for any part found defective via DMR or NCMR where the Seller is at fault to cover the processing costs of the DMR or NCMR for the Purchaser. If the Seller has three (3) DMRs or NCMRs written against the same part within six (6) months, then the Purchaser shall charge an additional fee of \$1,000 or 25% of the cost (whichever is less) of the defective quantity of the part as a recovery against manufacturing impacts to the Purchaser.

15.4 Seller shall comply with all requirements of the Purchaser's component/supplier validation process before production parts can be shipped to Purchaser. Seller shall provide written notice to Purchaser in the event it is unable to achieve all of the requirements of the validation process prior to shipment. Upon receipt of such notification by Seller, Purchaser may refuse receipt of any products delivered to Purchaser that have not met all of the validation requirements. Seller shall notify Purchaser and adhere to component/supplier validation process if any changes in part parameters, processes used to produce parts, or facilities changes occur throughout Seller's supply chain. Seller shall provide on-going part verification data in accordance with Purchaser's component/supplier validation process including real-time data for any characteristics identified as Critical To Quality characteristics (CTQs). Data for CTQs shall be provided via Purchaser's electronic systems. Seller shall perform timely failure analysis and implement corrective actions for products found to be defective from Purchaser. Any review or approval by Purchaser regarding the validation process will be for Seller's convenience and will not relieve Seller of its responsibility to meet all requirements of this Order.

#### **16. CONFIDENTIALITY.**

16.1 Seller shall keep confidential any: (A) oral information, whether or not reduced to writing and marked with a restrictive legend, information that is marked or identified as "Confidential", "Restricted" or with a similar designation, or if not so designated, that the Seller should reasonably expect to be confidential due to its nature; (B) technical, process, proprietary or economic information derived from drawings or 3D or other models owned or provided by Purchaser; and (C) other tangible or intangible property furnished by Purchaser in connection with this Order, including any drawings, specifications, data, goods and/or information (the "Confidential Information"). Seller shall not disclose, directly or indirectly, the Confidential Information to any third party or use the Confidential Information for the benefit of any third party without Purchaser's consent. Seller shall protect the Confidential Information against unauthorized use or disclosure using at least those measures that it takes to protect its own Confidential Information of a similar nature, but in no case, less than reasonable care. In the event that Seller is required by applicable law or regulation to disclose Confidential Information, Seller shall provide Purchaser with prompt notice thereof and a reasonable opportunity to comment or undertake protective measures prior to such disclosure. Confidential Information shall also include any notes, summaries, reports, analyses or other material derived by Seller in whole or in part from the Confidential Information in whatever form maintained (collectively, "Notes"). Except as required for the efficient performance of this Order, Seller shall not use or permit copies to be made of the Confidential Information without Purchaser's prior written consent. If any such reproduction is made with prior written consent, notice referring to the foregoing requirements shall be provided thereon.

16.2 The restrictions set forth in Section 16.1 shall be inoperative as to particular portions of the Confidential Information disclosed by Purchaser to Seller if such information: (A) is or becomes generally available to the public other than as a result of disclosure by Seller; (B) was available on a non-confidential basis prior to its disclosure to Seller; (C) is or becomes available to Seller on a non-confidential basis from a source other than Purchaser when such source is not, to the best of Seller's knowledge, subject to a confidentiality obligation with Purchaser, or (D) was independently developed by Seller, without reference to the Confidential Information, and Seller can verify the development of such information by written documentation. Upon completion or termination of this Order, Seller shall promptly return to Purchaser all Confidential Information, including any copies thereof, and shall destroy (with such destruction certified in writing by Seller) all Notes and any copies thereof.

16.3 Any knowledge or information, which Seller shall have disclosed or may hereafter disclose to Purchaser and which in any way relates to the goods or services purchased under this Order (except to the extent deemed to be Purchaser's property as set forth in Section 7), shall not be deemed to be confidential or proprietary and shall be acquired by Purchaser free from any restrictions

(other than a claim for infringement) as part of the consideration for this Order, and notwithstanding any copyright or other notice thereon, Purchaser shall have the right to use, copy, modify and disclose the same as it sees fit.

**17. SECURITY AND CRISIS MANAGEMENT REQUIREMENTS.** Seller will (1) develop and implement security procedures ("Security Improvement Plan") in accordance with (A) the recommendations of the United States Customs Service under the provisions of the Customs-Trade Partnership Against Terrorism ("C-TPAT") for Seller's type of business, (B) the requirements or recommendations of the EU Authorized Economic Operator ("AEO") program, and (C) any other governmental program for protection of international supply chains; and (2) upon request of Purchaser, provide a written copy of the Security Improvement Plan.

**18. COMPLIANCE WITH LAWS.**

18.1 GENERAL. Seller represents, warrants, certifies and covenants (collectively "Covenants") that it and the products will comply with all laws applicable to the products, services and/or the activities contemplated or provided under this Order, including, but not limited to, any national, international, federal, state, provincial or local law, treaty, convention, protocol, common law, regulation, directive, code, standard, ordinance, order (including judicial order), or rule and regulation issued by governmental agencies or authorities, including, but not limited to, those dealing with environment, health, safety, employment, record retention, personal data protection, or the transportation or storage of hazardous materials. Seller shall also comply with good industry practices, including the exercise of that degree of skill, diligence, prudence and foresight which can reasonably be expected from a competent seller who is engaged in the same type of service or manufacture under similar circumstances. Seller shall, at Purchaser's request, provide certificates relating to any applicable legal requirements or to update any and all of the Covenants under this Order in form and substance satisfactory to Purchaser.

18.2 ENVIRONMENT, HEALTH AND SAFETY.

(A) Seller Covenants that it will take the necessary and appropriate actions and precautions to protect health, safety and the environment, including to prevent any injury to persons, property and/or the environment, and has established effective requirements to ensure any members of the Seller, and any suppliers it uses to perform the work called for under this Order, will be in compliance with Section 18 of this Order.

(B) When Seller ships goods to Purchaser, Seller shall provide with the goods in the language(s) of the locations where the goods are delivered to Purchaser or its designee: (1) safe use instructions; (2) hazard communication, safe transport and labeling information; (3) regulatory, compliance and certification documentation; and (4) for chemical substances and mixtures, safety data sheets (MSDS/SDS) in all readily available languages.

(C) Seller Covenants that any goods Seller provides to Purchaser comply with all laws governing the management, handling, shipping, import, export, notification, registration or authorization of chemical substances such as the Montreal Protocol, the Stockholm Convention on Persistent Organic Pollutants, the US Toxic Substances Control Act, the European Union's Restrictions on Hazardous Substances and REACH legislation, and other comparable chemical regulations (collectively "Chemicals Legislation"); and can be used as contemplated by Purchaser in full compliance with the Chemicals Legislation.

(C) Unless Purchaser has expressly agreed otherwise in writing, Seller covenants that the goods do not contain (1) any chemicals that are restricted or otherwise banned under Chemicals Legislation; or (2) lead or lead compounds, mercury or mercury compounds, cadmium or cadmium compounds, hexavalent chromium, polybrominated biphenyls (PBB), polybrominated diphenyl ethers (PBDE), arsenic, asbestos, benzene, tetrachloroethylene, methyl chloroform, polychlorinated biphenyls (PCBs), carbon tetrachloride, cyanide, beryllium, or radioactive materials. Seller shall notify Purchaser in writing of the presence of any engineered nanoscale material in the goods or used in Seller's operations.

18.3 ANTI-DUMPING. Seller Covenants that all sales made hereunder are made in circumstances that will not give rise to the imposition of new anti-dumping or countervailing duties under United States law (19 U.S.C. Sec. 1671 et seq.), European Union (Council Regulation (EC) No. 384/96 of December 22, 1995, Commission Decision No. 2277/96/ECSC of November 28, 1996, as amended), similar laws in such jurisdictions or the laws of any other country to which the goods may be exported. To the full extent permitted by law, Seller will indemnify, defend and hold Purchaser harmless from and against any costs, fines, penalties, charges or expenses (including any countervailing duties which may be imposed and, to the extent permitted by law, any preliminary dumping duties that may be imposed) arising out of or in connection with any breach of this Section. In the event that countervailing or anti-dumping duties are imposed that cannot be readily recovered from Seller, Purchaser may, at its option, immediately terminate this Order with no further liability of any nature whatsoever to Seller hereunder. In the event that any jurisdiction imposes punitive or other additional tariffs on goods subject to this Order in connection with a trade dispute or as a remedy in an "escape clause" action or for any other reason, Purchaser may, at its option, immediately terminate this Order with no further liability of any nature whatsoever to Seller hereunder.

18.4 IMPORTER OF RECORD AND DRAWBACK. If goods are to be delivered DDP (Incoterms 2010 Edition) to the destination country, Seller agrees that Purchaser will not be a party to the importation of the goods, that the transaction(s) represented by this Order will be consummated after importation and that Seller will neither cause nor permit Purchaser's name to be shown as "importer of record" on any customs declaration. Seller also confirms that it has non-resident importation rights, if necessary, into the destination country with knowledge of the necessary import laws. If Seller is the importer of record into the United States for any goods, including any component parts thereof, associated with this Order, Seller shall provide Purchaser required documentation for duty drawback purposes which includes, but is not limited to, Customs Form 7552 entitled "Certificate of Delivery" properly executed as well as Customs Form 7501 "Entry Summary" and a copy of Seller's Invoice. Seller shall accurately indicate the country of origin of the goods sold hereunder on the customs/commercial invoice and other applicable documentation. When requested by Purchaser, Seller shall execute such documents as may be necessary to allow Purchaser to claim duty preference under any and all applicable

programs. Seller shall promptly notify Purchaser of any known documentation errors and/or changes to the origin of goods. Seller shall indemnify, defend and hold Purchaser harmless from and against any costs, fines, penalties, charges or expenses arising out of or in connection with Seller's inaccurate documentation or untimely cooperation under this Section.

185 INTERNATIONAL TRADE CONTROLS. All transactions hereunder shall at all times be subject to and conditioned upon Seller's compliance with all applicable export control laws and regulations and any amendments thereto. Seller hereby agrees that it shall not, except as any applicable laws and regulations may expressly permit, make any disposition by way of transshipment, re-export, diversion or otherwise, of any goods, technical data, or software, or the direct product thereof, furnished by Purchaser in connection with this Order. The obligations to comply with all applicable export control laws and regulations shall survive any termination or discharge of any other contract obligations.

186 SUBCONTRACT FLOWDOWN TERMS FOR US GOVERNMENT CONTRACTS. Where the goods and/or services being procured by Purchaser from Seller are in support of a U.S. Government end customer or an end customer funded in whole or part by the U.S. Government, Seller shall comply with the US Government flowdown terms and conditions located at <https://www.wabteccorp.com/supplier-resources> which terms and conditions are incorporated herein by reference. The version of the terms and conditions shall be those that are in effect as of the date of this Order.

187 PROHIBITED GOODS AND SERVICES: The United States of America prohibits the importation of goods or the purchase of services from certain countries. No goods or services from prohibited countries may be used directly or indirectly in the design, manufacture, test, or other methods of providing any of the items (whether goods, services, or otherwise) covered by this Order. The list of prohibited countries can change from time to time and it is Seller's responsibility to ensure compliance with such list at all times. Current information can be obtained by accessing the internet at URL <http://www.treas.gov/ofac/>.

188 PROPER BUSINESS PRACTICES. Seller acknowledges that it has carefully reviewed and understands the Purchaser's Integrity Guide for Suppliers, Contractors and Consultants (as amended from time to time, the "Guide"), a copy of which can be found at <https://www.wabteccorp.com/supplier-resources>. Seller covenants (i) to fully comply with the Guide and all laws concerning improper or illegal payments and gifts or gratuities; and (ii) to not pay, promise to pay or authorize the payment of any money or anything of value, directly or indirectly, to any person for the purpose of illegally or improperly inducing a decision or obtaining or retaining business in connection with this Order.

## 19. TERMINATION AND SUSPENSION.

19.1 TERMINATION FOR CONVENIENCE. Purchaser may terminate all or any part of this Order at any time by written notice to Seller. Upon termination (other than due to Seller's insolvency or default including failure to comply with this Order), Purchaser and Seller shall negotiate reasonable termination costs consistent with costs allowable under Section 9 "Changes" and identified by Seller within thirty (30) days of Purchaser's termination notice to Seller, unless the parties have agreed to a termination schedule in writing. Any costs identified by Seller after the thirty (30) days period set forth above shall be waived by Seller. Buyer shall have the right to terminate at no cost all Orders with delivery lead times of sixty (60) calendar days or longer by providing written notice within fourteen (14) calendar days of Seller's final Order acceptance.

19.2 TERMINATION FOR DEFAULT. Purchaser, without liability, may by written notice of default, terminate the whole or any part of this Order if Seller: (A) fails to perform within the time specified or in any written extension granted by Purchaser; (B) fails to make progress which, in Purchaser's reasonable judgment, endangers performance of this Order in accordance with its terms; or (C) fails to comply with any of the terms of this Order. Such termination shall become effective if Seller does not cure such failure within ten (10) days of receiving notice of default. Upon termination, Purchaser may procure at Seller's expense and upon terms it deems appropriate, goods or services similar to those so terminated. Seller shall continue performance of this Order to the extent not terminated and shall be liable to Purchaser for any excess costs for such similar goods or services. As an alternate remedy and in lieu of termination for default, Purchaser, at its sole discretion, may elect to extend the delivery schedule and/or waive other deficiencies in Seller's performance, making Seller liable for any costs, expenses or damages arising from any failure of Seller's performance. Purchaser's rights and remedies in this clause are in addition to any other rights and remedies provided by law, equity or under this Order. In the event Purchaser wrongfully terminates an Order under this Section 19.2, in whole or in part, such termination becomes a termination for convenience under Section 19.1, above.

19.3 TERMINATION FOR INSOLVENCY/PROLONGED DELAY. If Seller ceases to conduct its operations in the normal course of business or fails to meet its obligations as they mature or if any proceeding under the bankruptcy or insolvency laws is brought by or against Seller, a receiver for Seller is appointed or applied for, an assignment for the benefit of creditors is made or an excused delay (or the aggregate time of multiple excused delays) lasts more than 60 days, Purchaser may immediately terminate this Order without liability, except for goods or services completed, delivered and accepted within a reasonable period after termination (which will be paid for at the Order price).

19.4 OBLIGATIONS ON TERMINATION.
